President Engelhardt Tells of NASU Meeting

Resolve to Give Men Regular Army Training

President Fred Engelhardt returned last week from a two-day meeting of the National Association of State Universities in Chicago and reported the adoption of a resolution by the Association concerning the place of the university in America's war effort.

The resolution declared that the member schools of the Association "in placing their plants, personnel, and youthful man-power unreservedly at the service of the country, trust that a coordinated and authoritative national man-power policy may promptly allocate and utilize these with the greatest possible effectiveness."

Define University's Job

The lowering of the draft age to 18 years was commented upon as "offering the opportunity long sought to define the constructive job the universities can do. To win the war is the highest and most critical public service of the moment, requiring trained intelligence and a maximum of technical skill."

Dr. Fred Engelhardt also stated that the Association had approved adoption of a program for enlisted training much like that presented to the Army and Navy by the committee on the Relations of the Higher Institutions to the Federal Government of the American Council on Education.

The program refers to the setting up of enlisted training corps in universities and colleges to be made up of high school graduates and those with equivalent qualification, who are able to meet competitive standards up to quotas fixed by the armed forces. The resolution stated that these men would be "in uniform, regularly paid and provided with subsistence," thus enabling students no matter what their economic circumstances, to secure that training which will prepare them to serve their country most effectively.

Orientation Course For Future Seamen

Potential sailors, marines and coast guardsmen are advised to take the new piloting and seamanship course being offered at the university for the first time under the guidance of Dr. Marvin Solt, professor of mathematics.

Fundamentals of piloting and seamanship will be the scope of the course, said Dr. Solt. It will not be a navigation course as was previously stated.

V1, V5, and V7 enrollees should be especially interested in the course. These men would otherwise have to learn by experience the basic matters that they will be able to learn in class and thus will be saved a lot of hardships, according to Dr. Solt.

All Eligible

A wartime experiment, the course is open to all students without regard to the qualifications of the student or the course being followed.

Included in the course will be a study of the rules of the road, whistle signals, distinction between the various kinds of lights carried by vessels, light houses, lightships, buoys, compasses and compass errors, marine chart, tides and currents, piloting and traverse sailing.

An advanced navigation course will be offered next semester if the proper equipment, now unobtainable because of priorities, is procured and if the student body shows enough interest to warrant the course.

Dr. Solt has had a substantial amount of experience in the field of seamanship having navigated small motor driven craft for the past nine years.

Prof. William Hennessy has completed the casting of the first 1942-43 production of Mask and Dagger, "Ladies in Retirement."

RALLY FRIDAY

Following a colorful torchlight parade through the streets of Durham, a monster rally will be held Friday evening in N. H. Hall.

The parade, which will start from in front of Commons at 7:30 p.m. will be headed by the pep-cats and the band. All undergraduates are urged to come out and cheer the team on to a victory over Tufts on Saturday.

A committee has been formed to prepare a giant bonfire, in the event that the necessary permission can be obtained. Plans for this however, are still uncertain at press time.

Lens and Shutter Sponsors Movies

Before a crowd of 350, the university in cooperation with the Lens and Shutter Club put on an interesting show in New Hampshire Hall last Sunday night. The program consisted of singing, led by Mr. Bjornar Bergethson, some war films, and movies of the Rhode Island game, which was narrated by Coach Charles "Chick" Justice. James Keenan presided as toastmaster for the evening.

These programs are being given every Sunday night to provide entertainment for those students who are unable to go home over the week-end because of the transportation difficulties. The next meeting of this kind will take place on November 15 at 8 p.m. at which time more war movies and movies of the Tufts and Norwich games will be shown.

Yale Leaves Campus At End of Month

Pofessor William Yale, who has been a member of the History department of the University of New Hampshire since 1928, will leave here at the end of this month to join the Department of State in Washington where he will act as senior divisional adviser of the Division of Special Research.

This will be the second time that Professor Yale has served the Department of State in war-time. In World War I, he acted as a special agent for the Department, and in 1918 went to Palestine as American military observer with the British forces. Staying on there as an expert on Arabian affairs attached to the American commission to negotiate peace and technical adviser to the King Crane committee, he entered the shipping and tourist business in Egypt. In 1923, he returned to this country.

Professor Yale is a graduate of the Sheffield School, Yale University, and received his M.A. from the University of New Hampshire.

Louis "Chief" Bourgoin Starts His Twenty-sixth Year at UNH

By Dave Oliphant

As much a campus tradition as the T Hall tower is Louis Bourgoin, the one-man police force of Durham. For twenty-six years "Louie", as he is affectionately called by young and old alike, has been guarding the safety of UNH students and the citizens of Durham as well.

On interviewing him, he admitted it was hard to remember what the university looked like when he started in many years ago. There are very few, if any, students on campus today

Class Elections Run Davis, Morcom Split Charron Victorious

Benedict Elected by Frosh Strumski Soph Prexy; Kimballs Elected Again

In a closely contested race, Fred Charron, president of Scabbard and Blade, member of Blue Key, and Student Council, and recently appointed member of Who's Who, was elected president of the senior class. Bill Call, member of Scabbard and Blade, Student Government, president of SAE fraternity and Intra-Fraternity Council, was elected first vice president by a large majority. Roger Marshall, editor of last year's "Granite" easily won the contest for second vice president, while Dottie and Flora Kimball remain secretary and treasurer respectively of the class of '43 for the fourth straight year.

Closest contest of the election was that between John Davis, for the past two years president of his class, and Boo Morcom, track star. Since the balloting resulted in a tie a new election for the position of president of the junior class will be held on Friday. Murray Smith of Theta Chi was elected vice president for the second year while Melba McKay had no competition in annexing the secretary's office for the third year. Ray Bowles of ATO eased out Ralph Pino for the treasurer's job.

Joe Strumski, treasurer last year, was promoted this year to the office of president of the sophomore class. Vice president is Joyce Smith of Alpha Xi Delta who had the same job last year. Barbara Shepard easily repeated her last year's victory as secretary, while Philip Pallas is the new treasurer.

President of the Class of 1946 is Benny Benedict, Pep Cat de luxe, who found a very close rival in Jim Powers. Peg Tower, newly elected to Student Government's social committee, had no trouble in becoming vice president. Lila Sprague was elected secretary and Charles Humphreys treasurer.

Student War Group Push Enlistments

The Student War Activities Committee plans to enlist 700 undergraduate students in either the Army Air Corps, Army, Navy, or Marine Corps before December 1st. The Committee, of which Sam Crabtree is the chairman, expects to enlist all able-bodied male undergraduates who are not already in some branch of the reserve.

A board of Army doctors will be at the University from November 1 until November 15, to hold physical examinations. A board of counsellors will be on hand in Murkland Auditorium to aid interested students in the enlistment procedure. This board is made up of all house presidents, student counsellors, and one member from each house.

Dr. Thut, of the Bureau of Appointments, will address a mass meeting of all students not on the Reserve list, the date of which will be announced later.

that were even born then. It was during World War I. Many a great change has taken place since then, both in the personnel and buildings of U. N.H. Since his start, such edifices as Murkland, James, Pettee, East and West, Congreve, Hetzel, and Scott Halls, the Field House, and Commons have been erected. The general spirit of the university is good, Louie commented, but slightly tinged with apprehension, due to the war.

He has had no appreciable trouble with the students, and the exceptional (continued on page 4)

GOLDEN-FOOTED GOODFELLOW

Name Chemistry Award for Jewell

Alpha Chi Sigma also Discusses Plans for Year

Members of Alpha Chi Sigma, campus chemical fraternity, met recently at the home of Dr. Edward A. Atkinson, faculty chapter advisor, to discuss plans for the coming year. In collaboration with the National Safety Council and the war effort, plans are being made for a safety campaign at the University. Posters urging carefulness in laboratories and elsewhere will soon appear in James Hall.

Chapter Reporter George Paulsen, who was present at the National Conclave in Chicago this summer, spoke on work being carried on by college and professional chapters all over the country.

Name Memorial Plaque

It was decided by the group that the plaque which is awarded to the graduating senior in chemistry, who has been adjudged the most promising in that field, would be named the Eliot Jewell Memorial Plaque, in honor of one of last year's members, who recently lost his life.

The annual rush of potential chemists and chemical engineers in the lower classes will begin shortly. During the next few months there will be a series of keg parties and entertainments to which all interested will be invited.

Alpha Chi Sigma like some of the other campus scientific and engineering societies, occupies a position between that of a 'straight' honorary society and a fraternity. A member is continually reminded that he will be working (continued on page 4)

DIRECTIONS TO GAME

No special trains will be run this Saturday to the Tufts game at Oval Field, Medford. Regular trains for Boston will leave Durham at 8:39 and 1:04.

For those who do not know how to get to the field from north station here are instructions:

By trolley: Take a Lechmere car to Lechmere square which is the first stop. There take an Arlington or Arlington Heights bus.

By auto: Go through Lechmere square to Somerville as far as the Squire Company where you bear right and follow the road straight through to Tufts.

Goodfellow Boots Winning Field Goal Tuffy Keeps Going

By Phil Peters

Displaying superb determination and first-rate football while under pressure, the high-flying, undefeated University of New Hampshire eleven gained one of its most brilliant victories in Wildcat history by toppling the heretofore undefeated Norwich team, 16-13, by virtue of an accurate field goal by Roy Goodfellow from the 15 yard line with one minute left to play.

Retaliating furiously in the final period, Chick Justice's forces battered their way deep into Norwich's territory time and again in the closing minutes before managing to shatter the Cadets' dreams of having an undefeated season for the first time in history.

Roy Boots Field Goal

With but one lone minute remaining to be played, score tied at 13-13, Tuffy Fitanides, the "Iron Man" of New Hampshire, rammed his way to the Horsemen's six yard stripe. At this crucial moment, Roy Goodfellow was sent in to attempt a field goal and thus register the winning margin. Tuffy held the ball midway from the middle of the field and the sideline and Roy smoothly looped the ball between the goal posts to give the fighting Wildcats the win, 16-13.

Throwing everything they had in a gigantic effort to vanquish New Hampshire, and thus pave the way for their first unblemished season in history, the footballers from Northfield commenced hostilities in a spectacular fashion by scoring two touchdowns rather easily in the first eighteen minutes of play.

The mighty Horsemen used end sweeps to their advantage soon after the clash began to drive to New Hampshire (continued on page 3)

Lens and Shutter Holds First Meeting

Last Monday night the Lens and Shutter Club held the first of its annual meetings in Hewitt Hall at 7:30 with James P. Keenan presiding as president. A discussion was held on the Sunday evening programs and the following committee was chosen: Philip Dooley, Chairman; Russell Byles, and Warren B. Brainerd.

The 4th Annual Granite State Salon of Photography date has been set for February 6 through March 1. A. Thornton Gray, P.S.A. read a lecture on uses of photography. Mr. Gray is a photographer of great reknown and he has had pictures displayed in salons in this country and also in Europe.

The next meeting will be held next Monday, November 9. This will be a lab session and all members are asked to bring their cameras and films. Since this is an open meeting, all visitors will be welcome.

NOTICE

Students interested in liberal religion are invited to attend a meeting in the Alumni Room, New Hampshire Hall, Monday, November 9 at 7:30 p.m.

Tenderfeet Get Hep at Rec Dancing Instruction Classes

By Arthur Michaels

One, two, three kick; one, two, three La Conga—if you should happen to see some husky individual hopping around the campus muttering these words to himself don't think that he has been affected by the war hysteria because he is probably only practicing his dancing lesson.

Dancing instructions for those male individuals who continually find their "gunboats" trying to sink their partners feet into the dance floor and for men too bashful to learn to dance at parties, started last Thursday evening at New Hampshire Hall and will con-

tinue throughout the semester.

Miss Brennan, Instructor

Pirouetting about the dance floor with professional dancing instructions is Miss Doris Brennan of the physical education department. Miss Brennan was a former olympic swimming champ and has had a great deal of experience as a dancing instructor.

Arthur Murray and navy technique will be used, with each man paired off with another male until their toe-stepping has been eliminated.

Students with any sense of rhythm should be able to dance by Thanksgiving (Continued on page 4)

Spirit, New Hampshire Style

That reception the students gave the returning football team last Sunday evening was really something to be proud of. It was an active example of just what the undergraduate body can do in the line of rallies when it really feels that the occasion is worthy of it.

The last time the campus saw anything to equal Sunday night's activity was back in the fall of 1939 when New Hampshire was preparing for its tussle with "Jawn Harvard". The student body at the time felt that New Hampshire would suffer a decisive defeat, and to be sure when the game ended the Wildcats had a 46-0 score against them—but the students were behind the team to such an extent that when New Hampshire finally left the Harvard Stadium the major topic of conversation was the spirit of the Wildcat rooters.

That same kind of spirit was evident Sunday night—its the same kind of spirit that will help next Saturday at Tufts. With that sort of support resounding from the stands, the team will find its battle for an undefeated season that much easier.

Car - Pool

Unfortunately, Student Council was unable to secure permission for special transportation from Durham to Tufts this week-end. With bus and railroad transportation forbidden by government edict there is virtually nothing that can be done to alleviate the situation—unless. . .

There are a great many students here on campus who will be traveling to Boston by car. . .

There are a great many students here on campus who would welcome the opportunity to help defray the expenses of the trip in return for transportation to and from the game.

We've heard a great deal about car-pooling in the past months, now's the time for the students here on campus to practice a bit of it.

Anyone driving to Boston Saturday, and wishing to have a few passengers (Paying passengers) please drop their names at 207 T Hall before Thursday night—10 p.m.

Questions and Answers

QUESTION: What are the chances of the men in the enlisted reserve being made to take more than the originally planned Phys Ed courses?

Very good. A regular program will probably be required of all enlisted reserve men to take daily exercise under the supervision of trained instructors.

QUESTION: Will the students studying the two year Aggie curriculum be drafted along with other students or will they be listed with those farm workers deemed essential to the nation's war effort?

This is determined in large measure by the local selective service boards. Some are essential to the operation of farms during the summer and they expect to return as soon as their courses of study are completed. Such students may logically be deferred.

QUESTION: What are the chances of engineers securing positions after graduation instead of entering the army?

Engineering students who are not in the enlisted reserve or the advanced ROTC have every opportunity of securing employment after graduation which virtually every industrial organization in New England has requested.

STUDENT COUNCIL NOTES

While Ballard Hall is undergoing extensive repairs, the Student Council office will be maintained at Room 207, Thompson Hall.

The central university Lost and Found Department will be located

here. A number of articles, including a wrist watch, have been found. Please check in at Room 207 if you have lost anything, and bring in all articles that you have found.

Office hours will be from 1:00 to 2:00 in the afternoon with the exception of Thursdays.

University Dining Hall

GREEK WORLD

The house is mighty proud of Sonny Lamond, Ed Mackel, and Wally Ackerman for the fine job they did on Norwich. Among those who made the trip to Vermont were Jim Kiberd, Bud Parker, Ted Murchie '42, Tom Callagy and Don Harris. We've lost our chef, but expect a new one next week in the personage of Art Loid.

Among the Alumni in Service are Ensign Bill Feeney; Pharmacist's Mate Bob Dudley; Twitt Henry, who is in Australia; and Joe Morris who is in the same part of the world. The latter are in the Marines. Former pledge John Papandru, x'44, is in training in Texas, and Don Pickering is in the Anti-Tank Division in the Mid-west and was the father of an 8 pound boy. He was in Florida the last we heard.

A big week-end is coming up and the house will go en masse to the Tufts' game and will stay at the Statler Hotel.

S.A.E.: Mrs. Barnes, our new house mother, arrived last Tuesday to take over her duties for the year. We lost our first football game to East Hall by a score of 6-8. We held the lead by virtue of Brother Lesnevsky's touchdown run, until the last forty seconds when they scored on a long pass. Our first vie-party of the year was held Friday night, and about twenty couples attended. John Kossawan of Danvers, Mass., a former pre-dental student and band member here was a week-end guest. Skipper Pete Richmond and his crew, Alec Lesnevsky, went to Cambridge to compete for the Schell Trophy. Leo Dupont was confined at Hood House with a cold.

Alpha Xi Delta: Ruth Piper has been elected Assistant Rush Chairman since Miggs Hine did not return to school. Judy Austin is the new Marshall. Ginny Hill is now Gift Chairman. . . Flo Kimball and Alison Teel attended the New Hampshire-Norwich game. . . Judy Austin, Peggy Garron and Anne Hale spent the week-end at Dartmouth. . . Dottie Sparks spent a few days with us on her way home from North Conway. . . Nancy Johnson went to the Harvard-Princeton game. . . Several of the girls were elected to class offices: Flo and Dottie Kimball are treasurer and secretary of the senior class. Melba McKay is secretary of the junior class. Joyce Smith is vice-president of the sophomore class,

and Barbara Shepard is secretary.

Kappa Delta: Kappa Delta held a halloween party last Saturday at the apartment with all the old fashioned fixings such as apple bobbing, marshmallow roasting, fortune telling, and a scavenger hunt which took us all over town. Chaperones—Mr. and Mrs. Wadleigh. . . Barbara Cram, '40, was married to Elliot Whalen of the United States Marine Corps, September 13, in Savannah, Georgia. A. T. O.: Paul Lawler will be off campus week-ends now that he has a job at the Exeter Inn. . . Last week we had the pleasure of visits from Buck Webster and Buck Buchanan. . . We are really pleased over the successes of Roger Marshall and Ray Bowles in the recent class elections. Roger is now 2nd Vice-president of the Class of '43 and Ray was elected Treasurer of the Class of '44.

Alpha Chi: Betty Lucey went to Hartford, Conn., to be maid of honor at her sister's wedding this week-end. . . Ellen Plummer of Laconia was the week-end guest of Jody Collins. . . Doris Randall went to her home in Fitchburg, Mass., for the week-end. . . Norma O'Dowd went to the Manchester-Nashua game. . . Friday we had a joint birthday celebration for prexy Ann Taylor and pledge Mimi Terhune. . . We are very pleased that Kay Myhre, an ex-president of Alpha Tau chapter, has been made the New England Province President.

Phi Mu Delta: Sid Dimond, our prexy of last year visited the house over the week-end, sporting the uniform of Uncle Sam's Navy. . . At the first meeting of the year the following slate of officers came into force: president, Bing Boucher; 1st vice-president, Brag Hanson; 2nd vice-president, Rollic Smith; secretary, Don Russell; comptroller, Rollic Gove; Jr. comptroller, Herb Wuth; chaplain, Warren Hay; chapter editor, Vint Yeaton. . . Bernie Pender, '43, is now enrolled at Rochester University as a prospective Naval doctor. Norm Deming took part in the regatta at MIT over the week-end. Henry Swasey, x'43, is a student at Andover Theological School. A number of the brothers joined the services during the summer. Harold Moran and John Earle, '43, are in the Army. Frank Blair, '45, and Sid Dimond, '43, are in the Navy.

CAMPUS NOTES

OMVILLA CLUB

On Monday evening, November 2, the Omvilla club, which is the town girls' club, gave a reception for the new members in New Hampshire Hall. Refreshments were served and a good time was had by all.

WOMEN'S CLUB

The first meeting of the Fine Arts Department of the Durham Woman's Club will be held on Wednesday November 4, at the home of Mrs. Fred Engelhardt. The hostesses will be Mrs. Harold Loveren and Mrs. Wilfred Purdy.

Mrs. George McGregor will give "A Survey of South American Women" by Margaret C. Banning. It is also guest day.

COMMONS PARTY

The girls of Bickford and Grant were guests of Commons Dormitory at a Halloween party and general get-together Friday night in the Organization Room. Somebody's vic and everybody's records furnished the music. Later in the evening refreshments were served.

Social Chairman "Soc" Koutsotaseos with the help of most of Commons, was in charge of the dance. Chaperones were the respective house-mothers.

SCM Elects, Begin Membership Drive

Student Christian Movement elections were held by mail ballot last week and the new officers are as follows: president, Annotte Thompson; vice-president, Judith Austin; secretary, Jean Davis; treasurer, Kenneth Wiggin.

The membership drive got underway Monday night with a supper for the canvassers at the Church and a tea in the Alumni room at New Hampshire Hall for everyone this afternoon. If a student is not visited by a canvasser this week, he is requested to go to the office in New Hampshire Hall between the hours of three and five and seven and eight beginning tomorrow to sign his card. These office hours do not apply to the week-end.

Fall Meeting Thursday

The regular fall meeting of the Advisory Board of Christian Work will be held at a luncheon in New Hampshire Hall Thursday noon. This board (continued on page 4)

SWAC Starts Drive To Enlist Student Aid in War Effort

Winning the war is undoubtedly the most important job of all to the people in the United States. Students all over the country can contribute a great deal toward this end. For this reason the Student War Activities Committee has been started at the University.

To the many new students on campus and to many others, there undoubtedly arises the question as to what the S.W.A.C. is. The Student War Activities Committee is the new but actively moving organization on campus, established to serve as a direct connection between the students and the national war program.

It is the nuclear organ of the war effort on this campus. The particular function of this committee is to get practicable ideas and to initiate and put into force plans and projects which will be an effective contribution to the war effort. It will formulate definite plans; it will set forth objectives; it will delineate our special problems and see that any necessary or desirable action is taken.

Committee is Nucleus

This committee is just the nucleus. Other groups will be formed to work with it and students will be chosen to serve on them. There is an opportunity for everyone to contribute by this means in the great job of winning the war. It is obviously a condition of the times that none of us can afford to ignore.

The major task at the present time is in helping Dr. Thut with the problem of the Enlisted Reserve Corps. Many freshmen and sophomores have been helped in regard to this problem. Plans are now being formulated to set up a committee to help Dr. Thut at all times.

Plans are also being discussed concerning several important drives having a direct effect on the war effort. As soon as definite plans are accepted they will be announced to the student body. After that it is up to all of us to see that they are successful.

"Have you seen any of those beautiful coeds running around campus with great big holes in their old slacks? Those welding courses certainly are popular with the gals and why not?—if that's the only way to have a flame going steady, it's better than nothing. And then there are the beauties who are pecking away at the typewriters hoping to get a chance to hitch their future boss's sons as husbands.

We've heard that the lab technician course is pretty popular but who wouldn't mind marrying a handsome doctor—after all they seem to be pretty much in demand right now, and those uniforms sure help a lot.

We've also noticed that there seems to be a lot of foreign speaking done around campus, at least when someone speaks to you, it's almost impossible to understand what they mean—or may be that's just a result of the game of "tag" we played with Norwich last Saturday. We won't need any U. S. gov't translators to interpret the meaning of that score, but think of all the people out there in Washington—those foreigners, no one seems to know what they're talking about.

That's where our UNH coeds are doing their bit. We've got a slew of 'em learning French, Spanish and German so that they can become censors. An excellent policy for the women, guess the girls have realized the demand for women in industry for it is estimated that they need more than five million women to keep the wheels of industry moving—and UNH gals are showing the country what they've got with over 90% of the seniors in some war training program and lots more juniors, sophs, and frosh coming along."

Enter Service Faculty Members

Mr. Phillip Morgan, noted pianist and member of the U.N.H. faculty, has entered the Service and will therefore be unable to continue his work here. He is a graduate of the Eastman School of Music at Rochester, New York.

Piano instruction will be discontinued until November 9th, at which time a new instructor will be engaged.

You can help save 29,000 hours a day

ONE second saved in each of the 106 million telephone calls made every day would add up to well over 29,000 hours—would help greatly to keep lines open for vital military and war production calls.

A single second is that important. So answer promptly, giving your location and name, and keep your conversation brief. When making a call, be sure you have the right number—use the directory—call information only when it's really necessary. And please don't use Long Distance to defense areas unless your call is urgent.

The Bell System has a big job to do. By saving seconds you may make room for a vital war-time call.

WAR CALLS COME FIRST!

WILDCATS SECOND IN MEET WITH TUFTS AND AMHERST

The New Hampshire cross-country runners participated in a triangular meet at Medford last Friday against the harriers of Tufts and Amherst, and finished second.

The final score was Tufts 26, New Hampshire 37, Amherst 66.

Coach Sweet's men traveled to Medford without having had all the necessary conditioning but did well under the circumstances.

For over half of the course the New Hampshire runners held the upper hand, and at one time seemed destined to win. After the first half, however, the lack of condition showed up and two Tufts men managed to get in front in time to win.

Dunklee Good

New Hampshire's first man, and third in the contest, was the freshman runner Dunklee who did the course in 20:21 minutes. Churchill finished behind Dunklee and Phil French ended up behind Churchill. This gave New Hampshire three of the first five finishers.

The next Wildcat man to finish was Holmes who was in twelfth position. Sleeper and Brown came in the No. 13 spot, and Cram was sixteenth. Birdsall was eighteenth and Johnson was twentieth.

Clash on November 9

On November 9 New Hampshire is sending seven men to the New England Intercollegiate contests. This will be the only time that the cross country men will be able to participate in such an affair this year.

This week the cross country team will go through the customary exercises to be in the pink of condition in case any other unexpected meet looms up. The members going to the New England's will go through hard exercises in order to attempt to keep New Hampshire's recently good running record on the right track.

The first five—Phillips (T), Blair (T), Dnnklee (NH), Churchill (NH), French (NH).

EAST HALL MEETING

A brief dormitory meeting was held Monday, October 19, in East Hall with Carl Carlson, House Director, presiding. General dormitory rules and air raid precautions were read and discussed. Names were taken for volunteer air raid wardens with previous training.

On Monday, October 26, the following dormitory officers were elected: President, S. Melvin Rines; Intramural Sports Manager, Kenneth Cox; Treasurer, Nick Rodis.

Swasey Calls Out Hoop Candidates

Captain Bob Wheeler Leads Squad; 70 Report For First Practice

Basketball time is just around the corner, and if you don't believe it, there were seventy prospective candidates who answered the first callout for the varsity team Monday afternoon, as Coach Henry (Hank) Swasey started another season as mentor of the UNH hop team. The first practice session consisted of drilling the hopefuls in the fundamental plays and ideas that Coach Swasey intends to use this year.

Mr. Swasey, first of all, impressed the boys with the idea that intelligent and enjoyable playing can come about only through thorough practice, hard and constant training, and plenty of study and time spent on the finer details of the game. Above all, physical condition will play the greatest role. This is wartime, and that necessitates tops in fitness. The sports program, as represented by the various teams, will this year have to take its material as is, rather than building for future teams as in years past.

Season Starts in Month

With the first game of the season less than a month away, the team will have to get down to brass tacks from the start. The first practice was a long skull session and more are to follow until the floor is laid out at the Field House next week.

Among those who reported the first day were Capt. Bob Wheeler, Don Harris, Sam Askenazy, Freddie Saunders, Sheik Karelis, and Fred Jervis from last year's squad. From last year's freshman team, were Soc Bobotas, Ernie Rangasas, Pete McNair, George Usaschuke, and Nick Bograkus. Outstanding freshman prospects include Franny Parker and Ed Huse from Auburn, Maine, Bob Conway of Laconia and Exeter Academy, Bob Thomas from Bridgeport, Conn., Frank Tatarczuk of Portland, Maine, and Pete Janetos from Dover High, and Emil Krupa, veteran Manchester Central sparkplug. Coach Swasey is also banking on transfer student Ed Card, from Green Mountain Junior College.

Until the end of this football season, Dick McDermott, from last year's freshman basketball team, Pete Janetos, Franny Parker and Bob Conway will not be able to practice with the squad due to conflicting practice times. Bill Kolinsky, regular starter last year is resting up from an appendix operation and will be late in reporting to Coach Swasey.

The Varsity Manager this year will be Herbie Wuth. The schedule is not yet definite but will be announced as soon as possible. After losing veterans of the likes of Stacey Clark, Harold Hall, Morrie Pinks, and last year's Captain, Hal Monica, the team will have to make up plenty of lost material but Coach Swasey is hoping and looking forward to a successful season on the long hardwood floor.

By Phil Peters

During the three years that this writer has been at this university, there have been numerous campaigns arranged to bolster school spirit, to make school spirit one of the greatest assets of UNH, but nothing has been done more to inspire and stimulate the student body than the New Hampshire victory over once mighty Norwich. It's one of the most difficult tasks in the world to keep rooting for a team that displays a poor brand of football, and there's nothing more effective in arousing a top-notch spirit than having a team show a staunch will to fight that produces victory. . .

Walt Domina, Charlie Miller, and Zipper Zoukis composed one of the most powerful small-college backfields in New England. The Norwich coach, Stan Keck, once an All-American tackle from Princeton, has organized one of the finest lines the Cadets have ever had and depended on it to open holes for the ace runners but Sakoian, Lane, and every other man in the New Hampshire line bottled up their line plunges rather effectively, so Keck was forced to turn to the air and end sweeps. Even though Domina is supposed to be the greatest of Norwich's backs, Zoukis and Miller have proved themselves on many occasions to be equally as good. . . Domina scores many points but many times he's inserted into the lineup when his team comes to touchdown vicinity, after the hardest work has been done.

Last week one national rating system placed Williams first, Amherst second, Norwich third, and New Hampshire fourth among New England's small colleges. Amherst was considered just slightly ahead of Norwich so the Wildcat win should place New Hampshire as second only to Williams in rank among colleges of its own size.

Undoubtedly every man that played against Norwich was a star. It took the well-organized effort of all that produced victory. Al Sakoian had one of his best days. Roy Goodfellow continued to demonstrate his value to the team by getting a conversion point and then wrecking Norwich's hopes with a successful field goal attempt. . . However, the spearhead of the New Hampshire attack, the backbone of the Wildcat, was the customarily modest Tuffy Fitanides, one of the greatest natural players ever to don a Blue and White uniform. Twenty-two times Fitanides ran with the ball, and piled up 119 yards for New Hampshire's cause. Tuffy averaged about 5½ yards on every attempt and gained almost 100% of his team's yardage, 119 of the team's 120. . . Fitanides isn't the type of fellow who gets a swelled head merely because he's a star, and so he can easily be placed with Boo Morcom as one of New Hampshire's finest. . .

This Saturday the Durham eleven travels from home to meet Tufts, a team that hasn't a too impressive record his season. Tufts has lost to Bowdoin, Boston University, Bates, and Williams; has defeated Middlebury, and last week was held by Northeastern to a 6-6 tie. Regardless of this record, Tufts will not be a "cinch." Many times a football team shows a poor brand of ball after having played a hard game against a hard team. Francis Parker, Al Lamond, and Ralph Pino were injured slightly against Norwich but still will be in condition to play against Tufts. A few years back a supposedly strong UNH team went to battle the University of Vermont and was trimmed 33-13.

Never in history has New Hampshire enjoyed an undefeated gridiron season. For the first time, during wartime, the Wildcats have an opportunity to enjoy this sensation and at the present time the only threats are either a letdown or over confidence. We feel the players are serious enough about the game to avoid these. . .

Al Sakoian was one of the standouts in New Hampshire's line. Although playing with an injured leg, Al was a thorn in Norwich's attempts, and seemed to be the root of Wildcat resistance. Along with Al were Lane, Ackerman, and Hanson. As a matter of fact, the entire team deserves mention because without the best performances of all, a victory of this type would not have been possible. . .

Coach Chick Justice was in a happy frame of mind when called on to speak on the Commons steps Sunday evening during the welcoming rally. In four consecutive games, his team has finished the winner. During his first year as head coach, his team has emerged as one of the best in this class in this section of the country.

NAVY, AIR CADET EXAM BOARDS HERE THIS MONTH

The Navy Selective Board will be on campus November 16th and 17th. All students who have declared their intentions of joining the Army enlisted reserve to be held for the Navy or have enlisted in V-5 or V-7 should have all papers ready to present to this board on the above date. Furthermore, it will be necessary to arrange for ap-

pointment with the board. Please call at the Bureau of Appointments to set a time for your interview.

The Aviation Cadet examination board will be on campus November 15th to November 25th. At this time it may be possible to take both mental and physical qualifying exams. However, the mental may be given at an earlier date and due notice will be published.

Wildcats Upset Norwich Tufts Next on Their List

(continued from page 1)

Intramural Football Competition Stiff

Finals to be Played Within Fortnight; Hoop Tournament Next

Along with the regular Varsity football schedule, the Intramural Touch Football season is well under way, with a number of games already played. The program, a little late in starting, was necessarily made into a one-game elimination tournament, with most of the Fraternity houses participating and also including teams from East and Hetzel Hall.

In the games already played, ATO took over Theta Kappa Phi, 6 to 2, and Sigma Beta overpowered Phi Alpha 32 to 6. Phi Delta U was given a decision over Phi Mu Delta by forfeit. SAE was outscored by East Hall, and this last Monday afternoon Theta Chi held TKE scoreless, while managing to score one touchdown to win the game. These are the only games played to date, but even with so few games the program has afforded a great number of boys a lot of fun and worthwhile exercise.

Basketball Next

To keep all factors even in the football competition, each house has been allowed to play a team of from six to eleven men, to be decided upon by the two teams scheduled to play upon mutual consent.

After the football champ has been decided the Intramurals will move right onto the basketball floor. In all probability, these games will be conducted on a round-robin basis, thus scheduling more games and fun, etc., for many boys not able to play on regular Varsity squads. Sherman Reed is the new Intramurals Manager and may be reached at the Phi Delta U House at any time.

Many Greet Team's Return from Norwich

Fresh from their conquest of hitherto unbeaten Norwich, the New Hampshire Wildcats rolled into Durham Sunday evening to be greeted by a huge throng of madly cheering undergraduates out to welcome home the victors.

Led by a group from the university band, the students met the team at its bus stop on Main street and escorted the laurel-laden gladiators to the Commons where a well-earned meal awaited the men of Justice.

Justice, Goodfellow Speak

Shouting, cheering, singing, and yelling, the crowd marched up the street and then back, finally stopping in front off the Commons where it called the warriors from their feast to cheer them further and exhort them to yet another victory at Tufts on Saturday.

Coach Chick Justice, and Roy Goodfellow who kicked the field goal that beat Norwich in the final minute of play, spoke a few words and received great ovations.

After more cheers and songs, the crowd set out for New Hampshire Hall where pictures were shown of the Rhode Island game. The feature of the evening was the first of a series of pictures dealing with the war to be shown here during the next few weeks.

N. H.—Games played, 26; won, 13; lost, 11; tied, 2. Points scored—N. H., 206; Tufts, 334.

shire's 45 from where they started their first successful offensive of the tussle. Walt Domina, one of the highest scorers of the East, teamed with Zipper Zoukis, and Chuck Miller to gain yard after yard until Domina tossed a 17 yard pass to Miller for a score. The conversion was no good so Norwich took an early 6-0 lead.

Coach Keck's team was far from satisfied with a mere six-point advance, and pounded hard at New Hampshire's defenses to find a weak point and score again.

Norwich Has 13-0 Lead

This time the unbeaten Norwich team, inspired by their earlier advances, started rolling from its own 30-yard line. Coach Keck, a former all-American tackle from Princeton has organized an especially powerful line this year, but the Wildcat front line of defense held firm on the whole and thus caused a shift in the Norwich strategy. The Cadets then unleashed an attack which featured passes and end sweeps. Domina, their famed triple threat, did the passing and Miller and Stone aided with the running. Miller advanced 13 yards, Stone spurred ahead 13 more, Domina galloped another 18 and the tally came as a result of a 16-yard Domina to Miller pass. Mike Malley, a freshman fullback, kicked the extra point giving Norwich a neat 13-0 lead and the half-way mark still quite far away.

The Wildcats had yet to let loose all the resources and power at their command. This game was of vital importance to them. Never in the history of the university had a football aggregation from Durham managed to pin every foe played in a single season and a win over Norwich might enable them to perform this unprecedented feat.

Although behind 13-0, the Wildcats were not discouraged because they had come from behind to win in every one of the three previous games. With only one minute left to play in the first half, the hard-fighting band of New Hampshire's kept plugging away at their adversaries until their ace ground-gainer Fitanides faded back behind a well-planned defense, and fired a deadly pass from midfield into Ralph Pino's arms who was firmly entrenched in the end zone. The half came to a climax with Norwich on top, 13-6.

Coach Justice's between-halves advice put the Durhamites in the right spirit of mind because from then on Walt Domina and his crew failed to cross the New Hampshire goal line, and failed completely to seriously threaten again.

With only eight plays gone, Domina tossed a pass from his own territory which the New Hampshire fullback, Carmen Ragonese, intercepted at midfield and ran down the sideline for a touchdown, defended by good blocking while on the rampage. Goodfellow kicked the extra point to knot the score at 13-13.

After this, Norwich started a campaign from its own 25 yard line and piled up four consecutive first downs. Charlie Miller romped 37 yards for the longest run from scrimmage of the day and shifty Zipper Zoukis plunged 11 yards to the New Hampshire 25 but the Cadet spurge was stopped cold at this point. In a few minutes, however, Norwich came back but Joe Zanidowsky intercepted a pass on his own 34 to halt the enemy for good.

Shortly afterward, the unyielding Norwich players again started an aerial attack but Tuffy intercepted a Zoukis forward on the Norwich 45 yard line to give the Wildcats the possession of the pigskin. Don Grant was thrown for a ten-yard loss and Fitanides got mad and rammed his way for a 13 yard gain. He got a successful 16 yard pass to Lamond but this gain was annulled by a penalty. Tuffy then took the situation into his own hands, galloping 14 and 11 yards respectively to put the ball on the Norwich 10 yard line. Fitanides was thrown for a three-yard loss and heaved a pass to Grant on the goal line who didn't manage to get it. Tuffy plunged to the six yard line. At this point Roy Goodfellow came in to boot the field goal and give New Hampshire their greatest victory in a long time.

This week the New Hampshire team will get ready to tackle Tufts who were held to a 6-6 tie by Northeastern last week.

The summary:
New Hampshire—le, Pino, Nestor, Mackel; lt, Robbins; lg, Ackerman, Norman; c, Neal, Zanidowsky; rg, Hanson, Rodis; rt, Sakoian, Goodfellow; re, Parker, Lamond, Piciorak; qb, Meneghin, Rainey, Hall; lbh, Fitanides, Janetos; rhb, Grant, Seawards, Call; fb, Ragonese, Kemp.

"Action Soon" Says Walter Duranty

"There will be action in Europe soon, maybe Norway, maybe Syria", so predicted foreign correspondent, author and globe trotter Walter Duranty at the first of the Lectures and Concerts Series held Wednesday, October 28, in New Hampshire Hall.

Basing his information on long years of foreign experience and recent reporting tours through Russia and the Far East Mr. Duranty gave a resume of the Soviet before and after the revolution. Clarifying the definition of revolution, the speaker explained that such a situation cannot be made but there must be facts, circumstances, and certain dissatisfying conditions prevalent in seventy or eighty per cent of the population. Later on in his lecture he went on to say that he is now able to see the starting of an active revolt and spirit of freedom beginning to express itself in action within the conquered countries of Europe, particularly in the Balkans and Poland.

Commenting further on second front possibilities, Mr. Duranty said, "The Dieppe raid was a disappointment. Airborne troops should have been used, and above all we must learn to correlate air, land, and sea tactics. It has taken Germany four years to learn only the air and land attacks." As so many predictionists have declared he said that Russia can be counted on and will cooperate in final action against Japan and that this whole business of a second front is not so remote a period as thought by some. In a rather optimistic vein, Mr. Duranty thought that there will be no break-through this winter and the situation as a whole looks somewhat better. This has been partially caused by the 'second fronts' in the Solomons and Egypt.

The speaker made a number of interesting comments on the communistic set-up in Russia when he tore down some of the widely accepted concepts of such institutions as religion, divorce laws, and the economic system. He pointed out that there is no persecution of religion, the only requirement being that the congregation must support the church and its pastor. He also said that people are being paid for their positions and their results, with greater awards for greater service. The system is gradually getting back to our own, the only difference being that there is no private capital but instead investment by the State.

Towards the close of correspondent Duranty's lecture he said that though Russia is very nervous and demanding a second front in Europe, there is no possibility of a separate peace as there is too much of a "barrier of blood."

After the lecture a short question period was held.

SCM Elects

(continued from page 2)

sponsors the Student Christian Movement. Among the invited guests are Bradford Young, Director of the Grace Episcopal Church in Manchester; Mr. W. Willard Hall, State Secretary of the Y.M.C.A.; Dr. Robert G. Armstrong, a member of the State Congregational Conference; Dr. C. Raymond Chappell, a member of the New Hampshire Baptist Convention; and other outstanding Church leaders.

The Sunday Evening Fellowship, which meets at the Community House at 6:30, will have as its theme next Sunday the question of Fraternities and Sororities. Come and find out all about it and bring your questions.

RADIO WORKSHOP

From its studio in T Hall, Mike and Dial presented its first broadcast last Friday afternoon. Ann Taylor, Art Michaels, Jeannette Toohill, and Betty Jo Weaver participated in the broadcast, and informal discussion of the plans of the executive council. Ann Taylor had charge of the script. The announcer was Charles Richardson.

Special guests on the program were: Sid Dimond, former program director, who is now stationed at Newport; and Jim Moulton, a former member, who is also in the Navy. A transcription of the complete broadcast which will be the feature of the next meeting, was made by Bob Deming.

At four o'clock Friday, Mike and Dial will meet to vote for publicity director, head announcer, and head of the actors' committee. Also at this time auditions will be held for announcers and actors. Clayton Smith, Jeannette Toohill, and Professor Cortez will act as judges.

Auditions will be given in the Mike and Dial studio from the student's own material or some selected by him there. The judges will be in the adjoining workshop, which is connected to the studio by a loudspeaker. Thus the judges will not see the participants and will know each only by a number. The auditioners will be rated on merit of excellence. The result of this try-out will be kept for future reference by Mike and Dial.

THE ARMED SERVICES

Pierre Boy, outstanding member of the class of 1938, returned to Durham this week. Since his graduation he has had wide and varied experience with Uncle Sam's armed forces, both here and abroad.

Now a captain in the infantry, Boy is on thirty day furlough at the end of which he will return to his post in Trinidad. Although not in actual combat, Capt. Boy is stationed at one of the most vital spots in the mediterranean region.

While at U.N.H., Pierre Boy was head waiter at Commons and a member of the basketball team.

Dave Hazen, 1940, is now an Army Air cadet stationed in Providence, Rhode Island, but will soon leave for an unknown destination, probably one of the numerous Army Air Force flying schools. While at N. H. he was a member of Mask and Dagger, Economics Club, and the Pep Cats. He was a Business major but from now on his specific business will be to "Keep 'em Flying!"

Dancing Class

(Continued from page 1)

giving. If a sufficient amount of interest is shown, an advanced course in la conga, rumba and tango will be offered second semester.

Origin of Course

Communal dancing instructions began several years ago when a house mother, interested in having some boys learn to dance for a party, requested the physical education department to initiate a course of instruction.

Fraternities and other dorms soon realized the potentialities of such a class and entered the circle. This year there are more than fifty men taking lessons.

"He ain't no Fred Astaire,

But still they'll know he's there"

Dedicated to those men who are making a sincere effort to become good dancers. (With apologies to Bill Byron)

And then they danced;—NHU men excel

The rhythmic angles in great eloquence

Of pantomime;—they danced, I say, right well

With emphasis and also with good sense—

A thing in footing indispensable:

They dance without theatrical pretense;

Not like a ballet-master in the van

Of his drilled nymphs, but like a gentleman.

Chemistry Award

(Continued from page 1)

ing for the benefit of humanity as well as the advancement of science.

Strong Fraternal Interest

For this reason his fraternal interests are important, and at the organization's stag parties and dances the opportunities for development of these interests are many. Alpha Chi is especially proud of the Spring Formal, which had a record attendance at the Exeter Inn last year, and of the annual picnic, at which faculty as well as students have a chance to forget equations and condensers for a while. 'Doc' Iddles, head of the department, is always the nucleus of a large group at these gatherings.

In general, the new member gets to know his teachers and fellow students better than possible in the beloved nitric-acid aroma of James Hall. The war interest in chemistry means this year in all probability a larger membership than ever before.

Officers at present are as follows: Master Alchemist, Norman Roger; Vice Master Alchemist, Edward Flynn; Reporter, George Paulsen; Recorder, Irving Flanders; Treasurer, George LeLoup; Assistant Treasurer, George Herr; Publicity Chairman, John Mallan.

Outing Club Holds Open Meeting

For the first time in the history of the club, the Blue Circle will hold an open meeting for Outing Club members on Monday, November 9th at 7 o'clock. All members are invited to attend the regular business meeting which will be followed by a special program. Winston Pote's moving picture, "Winter in New Hampshire", will be shown. The film covers New Hampshire winter scenery and winter sports from ski trails to carnivals.

The place of the meeting is to be announced later.

About twenty-five enthusiastic hikers went on the bee-line hike Sunday afternoon which led them over bleachers and brooks and thru the woods. Despite a few minor casualties, such as getting stuck in the mud and getting wet feet from accidental wading thru a brook, all participants arrived safely at a forestry lean-to in time to have supper.

Another trip will be run to Mendum's Pond on Thursday of this week.

To Rent: Four room furnished apartment with facilities for cooking, ten minute walk from campus, ready for immediate occupancy. Call Durham 341, after 6:00 p.m.

Lundholm Shows Worth

The all-out military training program here at the University was a few weeks old when one of the undergrad groups got particularly tired of the toughening process they were undergoing. The class decided to cure Carl Lundholm, director of Athletics, of the pace he had been leading them over the obstacle race. To a boy, so-to-speak, they "put on the heat." Jumping, vaulting, wriggling, racing, they tried to outdistance him but the director still finished out in front.—"Would it be out of order, sir, to say something?" queried one of the panting undergraduates. — "At ease! Go ahead," the director complied. — "Three cheers for the Old Guy!" the spokesman cried and three cheers he got.—Director Lundholm graduated from the University in 1921.

Louie Bourgoin

(Continued from page 1)

ly large freshman class doesn't seem to phase him.

Louie has undoubtedly had many interesting experiences during his long tenure as police chief; but there have been so many of them, he confessed he couldn't pick out any one or two.

Every year "The Chief" has student police aid him in directing crowds and traffic. He has sworn in six so far but could use twelve or thirteen. The requirements of being a student policeman are to be a member of the sophomore, junior, or senior class, and be "up in you studies" as Louie expresses it.

Thus the interview ends with Louie Bourgoin, a man ever faithful to a thankless job. A character that has become a university tradition.

TOPCOATS
FOR
Tough
SERVICE

Covert... is unquestionably one of the outstanding topcoating fabrics of the season. Hart Schaffner & Marx Coverts are good coverts... smooth, long-wearing and tailored to drape and fit to perfection to be the ideal good-looking, dress-up topcoat.

Rambler... is truly the all-purpose topcoat! It's impervious to wrinkles, it's weather-resistant, practically wear-proof... it's a beauty to behold. Blended of alpaca, mohair and wool, Rambler is light on your shoulders, smart and easy to wear.

Rarepack... has 25,184 mohair, alpaca and wool fibers to the square inch... that's many more than most other coats with which Rarepack is sometimes compared! It embodies the maximum of luxury, warmth, and wear with a minimum of weight.

Remember the topcoat (or overcoat) that you buy this year may have to serve you for a long time to come. Right now, we have a large collection of some of the most durable, longest-wearing topcoats it's ever been our privilege to offer. We believe you'll be pleased with their quality (the Hart Schaffner & Marx kind) ... you'll be pleased with their styling and their fabric value, too ... and we know you'll be more than pleased with their prices.

So, when you're ready to buy this season ... eye the quality of the topcoat you finally select more carefully than ever! That's just another way of saying ... Look for the famous Hart Schaffner & Marx Trumpeter label.

Despite the times...
nothing has happened to the quality of
HART SCHAFFNER & MARX clothes
